REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lake Marion High School and Technology Center (LMHS) is a comprehensive setting offering a curriculum designed to meet the needs of students seeking post-graduation degrees from two or four year colleges/universities, a military career or entrance into the workforce. Our curriculum offers Advanced Placement (AP) and College Prep (CP) courses as well as Honors and Career and Technology Education or CATE courses. Opportunities are in place for students to participate in internships and co-op activities. As a magnet school, LMHS also offers the STEM (Science, Technology, Engineering, and Math) program, Project Lead The Way (PLTW)-offering Pre-engineering and BioMedical Sciences. The school is in the candidacy stage for the Middle Years Programme (MYP) and an authorized IB (International Baccalaureate) World School for the Diploma Programme.

As a TAP School (Teacher and Student Advancement Program), we continuously focus on improving instructional delivery and increased student achievement. Staff development, clusters and academic workshops are conducted to assist teachers and support staff in the delivery of classroom instruction and other student services. Each activity is data-driven and based on student needs. Tutorial sessions both before and after school, as well as Saturday School, are offered to all students. The Saturday School and after school programs provide students the opportunity to receive HSAP, End of Course (EOC) and SAT/ACT Prep assistance, Senior Service Learning Projects and CATE End of Program assessments assistance as well as recover credit. In addition, our afterschool program offers students academic assistance in all their course work. Mini data presentations to the student body has increased student awareness of the school's academic performance, school-wide goals, and increased student involvement in the learning process.

With student achievement as a top priority, the school continues to see evidence of students' academic success. Scholarship totals increased, as the class of 2013 amassed scholarships and awards of over 4 million dollars. The school also produced its first Bill Gates Millennium Scholar. One student qualified for Palmetto Scholar Award and 48 members of the senior class qualified for the life scholarship. Quarterly Honors and Awards Programs, and other initiatives, have all increased student awareness of the importance of good grades and have led to improved student academic performance.

In addition to academic success, our athletics program continues to produce region and state champions. Our Fine Arts Department, JROTC program and other co-curriculum areas also continue to be recognized for outstanding performances and presentations.

The School Improvement Council (SIC), Parent Teacher Student Organization (PTSO), and booster clubs are vital in terms of support for LMHS and provide constant help in meeting the needs of the school. We will continue to solicit parental, community and business support through partnerships.

Rodney C. Zimmerman, Principal
Mary Washington, SIC Chairperson
